## **RECOMMENDATION**

For conspicuous dash and gallantry in action throughout the operations commencing 31/10/17.

At Tel El Saba on 31/10/17 he employed his Regiment with such skill and dash and drove his attack with such vigour that he captured the enemy strong position on Tel El Saba, covering Beersheba from the last.

On 9/11/17 as Advance Guard to the brigade he displayed great energy during the advance from Jemmameh – Burier-Ejy-Mejdel (where he captured 8 officers and 162 other ranks prisoners) – Beit Duras and on 10/11/17 when his advance was held up by enemy in strength on high ground 2 ½ miles South East of Esdud, he displayed great boldness in the carrying out of his attack on the position.

Throughout the pursuit his work was characterised by dash and vigour, his personal, untiring enthusiasm permeating the whole of his regiment.

From Gallipoli onwards, without intermission, his work has been consistently good.

## **RECOMMENDATION**

For conspicuous gallantry and dash in action. In the Es Salt area on 31/3/18 when his regiment was attached to the 179<sup>th</sup> Inf. Brigade and operating on the left flank of the Es Salt force, he pushed his regiment (less 1 Squadron and 3 troops which were operating towards Ammah), round the right flank of the enemy line, having ridden to a point 3 miles South of Es Salt and then moved dismounted 3000 yards North East. He arrived in position in rear of and on the right flank of the enemy before daylight and attacked the extreme right post with two troops, capturing 3 machine guns and killing 1 officer and 13 other ranks. He then pushed North in rear of and against the enemy flank driving them in great confusion before him, thus frustrating the threatened attack on the Es Salt force.

## **RECOMMENDATION**

During period of 1/3/18 to 11/9/18.

For conspicuous gallantry and devotion to duty.

This NCO was in charge of listening at View Post at 2400 on the night of 13/14<sup>th</sup> July 1918 when he gave the first intimation that the enemy was concentrating on the right front of View Post. Sgt Bell's timely warning enabled the most minute details to be attended to before the enemy attacked at 0330. He had been slightly wounded but stuck to his post. His conduct and devotion to duty under the circumstances was remarkable. Sgt Bell's conduct under fire has always been a fine example to the men under his command.

For conspicuous gallantry in action during 2<sup>nd</sup> Battle of Gaza on 19/4/17. When a Regiment of enemy cavalry attacked the right of the 1<sup>st</sup> ALH Brigade, South of Baiket El Sana, this officer in command of his squadron displayed marked skill and initiative and by his dashing movement repelled the enemy attack. Major Bennett further displayed great boldness and enterprise on 29/4/17 when carrying out a reconnaissance of the area in the vicinity of Wadi Sihan, he pushed forward and crossed the Gaza-Beersheba Road between Sihan and Atawineh and gained valuable information of the enemy position.

### **RECOMMENDATION**

In an attack north west of Es Salt on 31<sup>st</sup> March 1918, Lieut. Bennetto took his troop with a rush across the open and captured three machine guns and killing or capturing the personnel. Lieutenant Bennetto continued his advance on a confused enemy, who retiring in large numbers and other casualties were enfiladed as the enemy retired. Lieutenant Bennetto's success was a fine example of what may be done by quick decision and dash.

On 10<sup>th</sup>, 20<sup>th</sup> and 21<sup>st</sup> April 1918, while Corbie was under heavy enemy shell fire this NCO was in charge of and issuing supplies from a dump near railway station in town mentioned. Although the bombardment was intense causing the occupants to vacate portion of the town in which dump was located, this NCO remained at his post and encouraged those who were issuing under his orders. The Supply Officer, Corbie, has reported on the gallantry and devotion to duty of this NCO under very adverse conditions.

## **RECOMMENDATION**

During period 1/3/18 to 11/?/18.

For conspicuous gallantry and devotion to duty.

Throughout the operations in the Jordan Valley SSM Ryan carried out his duties under trying conditions with the utmost cheerfulness, his manner and bearing having an inspiring effect on the men.

During the enemy attack at Abu Tellul on the night of 13/14<sup>th</sup> July he repeatedly carried valuable information to the machine guns on the right of his squadron on View Post under extremely heavy shell fire. After daylight he personally led a troop from View to Vaux Post under heavy machine gun fire. Later on in the day he led a troop to a position between View and Vaux Posts which was the means of stopping an enemy thrust in that direction.

He reported the enemy's advance at 0130 whilst they were still 1000 yards from our \_\_\_\_\_. His sound judgement in giving the exact line of their advance enabled artillery fire to be early brought to bear on the enemy compelling him to deploy when the enemy assaulted View Post at daybreak. His personal courage and the fine example that he set to the garrison was largely responsible for the enemy being repulsed with heavy loss.
